Changing the Climate for Women and Girls

Mission Statement

To advance gender equity for women and girls through research, education, and advocacy.

AAUW Outreach

AAUW's 100,000-member voice makes a difference on critical women's and civil rights issues — briefing policy-makers, spearheading coalitions, and impacting the world through international initiatives and partnerships.

- **AAUW Funds** supports fellowship and research programs, available to women across the country and throughout the world.
- **The Legal Advocacy Fund** works to achieve equity for female staff, students, and faculty on college and university campuses. It provides funding and a support system for women seeking judicial redress for sex discrimination.
- **The Leadership Programs Fund** offers programs to promote the total woman: economic self-sufficiency, leadership development, career advancement, and technical skill development.
